A Milestone Year

Dear New Horizons Friends,

New Horizons of SWFL is celebrating 20 years of empowering the next generation. Our legacy of impacting the lives of students, volunteers, supporters, and staff has reshaped the future of Southwest Florida. What started as a grassroots outreach has evolved into a thriving organization, yet the essence of the original vision remains the same. Today we are serving over 500 students in Lee and Collier Counties through our 10 sites and 7 programs. Students and families have an opportunity to thrive when they are equipped with the tools they need to succeed. Our caring supporters and network of partners are helping us strengthen our community. It is our hope that your investment in this work is reflected in the tangible and intangible outcomes of our students. We are grateful for every change maker who has played a role in advancing our mission.

Yours in Service,

Linda M. Cunningham, Ph.D.

Empowerment & Impact

At New Horizons we are passionate about equipping Southwest Florida's most vulnerable children and teens with the tools they need to succeed in school and life. Below is a snapshot of the effectiveness of our comprehensive after-school programs.

Student to Surgeon

Yaneli, grew up witnessing her grandfather going in and out of surgeries. She pondered of one day being a surgeon. "One of the volunteers was once in the medical field and I was able to talk to them about their journey of becoming a doctor which was actually very helpful," Yaneli said. Today she is pursuing her degree in Biology at FGCU and plans to attend medical school, aspiring to become a surgeon and help people like her grandfather.

Mr. Tom:
Thank you for talking
about Jesus, because... now
I have learned about
Jesus. I now know about
Jesus and so does my
Grandpa. My grandpa
and I go to church to
learn about Jesus and
pray to God. Thank you
for New Horizons- now Miss
Rita shows me how to
learn and I can read now.
Thank you, Mr. Tom! Ha9d@ps

"Working with the children is wonderful! I am so thrilled that they are learning more about how God loves them."
